In giving you this thread, I am requesting everyone's cooperation. This information has been for our enjoyment ONLY. The diary is old, but that does NOT mean that the original owner is dead and/or does not care about the contents. I cannot stress this issue enough, and it seems that everyone has been on their best not-contacting manners to this point. This is just a re-emphasis to urge you. Please don't think it's a clever idea. It isn't. It is a potentially damaging idea. Understand that, and make sure you follow it. Thank you all.**

*Enjoy the story!*

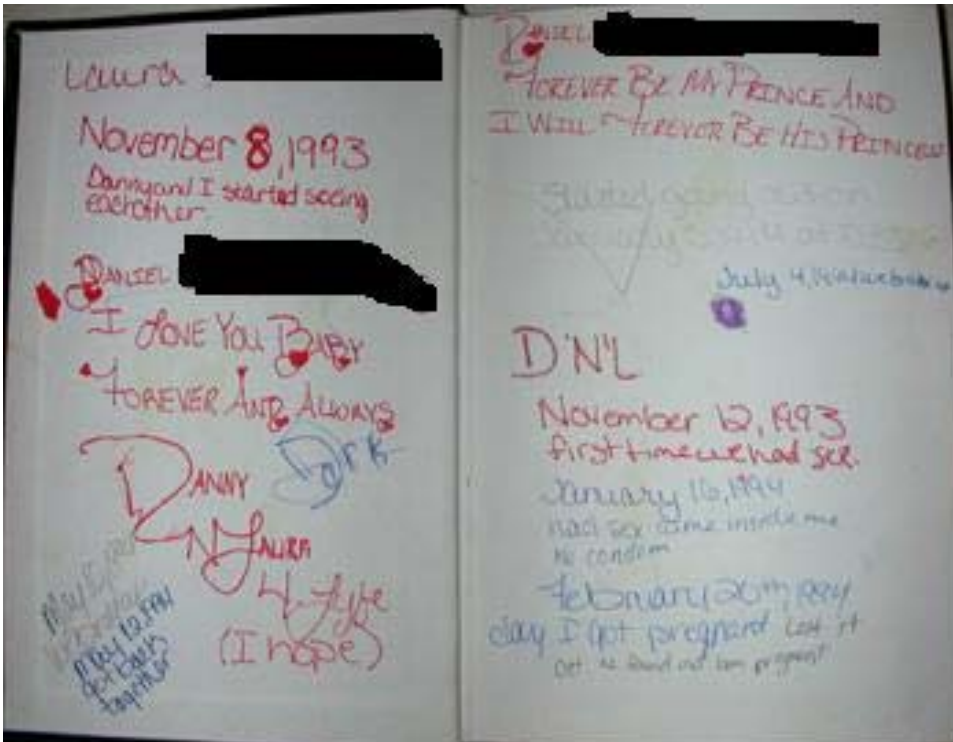

*Working at Goodwill, one procures not only a loathing for the greater parts of their local community, but a great many interesting oddities as well. I came across one of my more curious souvenirs today as I cleaned out old drawers: A diary detailing the depressing life of perhaps the most white-trash girl I have imagined. I have been in possession of said book for about a year and a half, and I read through it once at work to give my boredom a kick. However, it wasn't until I further analyzed the journal that I realized how utterly depressing and hopeless the track of her life was/is (this diary is from the '93 period, of which time she must have been a teenager). However, despite all this, parts of this journey into Laura are nothing short of utterly hilarious. Part of me feels bad about posting all this, but then again, I don't know this person at all and someone donated it anyways. For the time being, enjoy the shenanigans of this complete stranger. I'll be typing entries as well as linking to the actual journal, and if people like the first bits I'll definitely do more. This stuff just gets better and better, and it's LONG. Plenty of hilarious details. On with it. I am making no spelling or grammatical corrections. Everything is as written.*

*Note: The link to the inside cover picture is very descriptive of juicy details to come. Check out the pic, or if people have trouble I can type it.*

This is my first entry. Danny got this for me today. He said because my other one was a piece of shit. Which it is. This is really nice. He got a job today at Sheris. He is going to be a dishwasher. I need to get a job. Because I need money to buy people Christmas presents. Especially Danny. I want to get him something nice. Like a gold bracelet or something special. I like him so much. I want him to ask me out so bad. I am going to ask my mom to talk to Michael and ask him if I can get a job answering phones or something like that I just need to make some money. I hate being broke, and having to ask my mom for money. Because I know that she doesn't really have it. She has it, but our while family needs it. I ask her for 5 dollars here and there but for some reason I feel guilty. I don't know why, But I do. She is already in bed so I will call her and ask her tomorrow while she is at work so she doesn't forget to ask. Well all I am doing in thinking about Danny. He is always on my mind.

It is 11:41 p.m and I am waiting anxiously for Danny to call me at 12:00 AM. I just love hearing his voice. It turns me on so much. He came over to day. He made me so fucking horny. It wasn't even funny. So he had to cure me of it. So, of course, we had sex. I have been horny for 2 days. So he finally cured it. Then afterwards we were laying in my bed naked and he was holding me in his arms. I could have done that all day and all night. I love being around him. He makes me so happy, and he is so sweet. I never want to lose him. I hope that he hurrys up and asks me, out because I can't wait much longer. Then I will have to ask him out, and I have never asked a guy out before. I have never loved any guy as much as I love him. Not even Chad. I loved Chad, but not the way that I love Danny. I have totally fallen for him. I don't ever want to lose him. I am totally faithful to him and I hope he is to me. I don't even think about any other guys. I think that it is pathetic But oh well. But I guess that is the way that he makes me. But anyways, after we (Danny and me) went to Clark's and got a movie. We started messing around again. I sucked on his thing several times. It got him so horny. We both were horny. But we couldn't do anything about it because my mom was there. So we will have to take care of it some other day. Hopefully soon. I love having sex with him.

Love, Me.

*It starts off a bit slow, but gets good fast. Go Danny! We'll see what comes of this!*

*Good luck, Laura!*

*Time for your next big entry. This one is a pretty big chunk, as I have to retire for the night (early classes), so I hope this will tide you over until tomorrow. I'll definitely post more if these are also well received.*

I didn't really do much. My mom left today. She is going to be gone for 4 days.

Darin, Kim, Jaimie, Danny, and I all got bombed. Danny really pissed me off tonight. I asked him for a chew and he told me 'NO'. Then he gave Kim one. That pissed me off so bad. I didn't even want to talk to him anymore. But... of course, we made up. We always do. I can never stay mad at him. I love him too much. He is a hard person to stay mad at b-cuz he always makes me happy. Then Danny and I came and kicked it in my mom's room for a little bit. We messed around like we always do. He made me so horny But then Jaimie and Kim came and kicked it in the room too. Jaimie is so bombed. She is being really stupid. But... oh well. I love Danny So much. I never want to lose him. I hope that he knows that too. He means so much to me.

I LOVE DANNY

Danny stayed at my house last night. We had sex for 2 hours on and off. We were both so horny. But we both started to hurt after awhile. But this morning when we woke up we started messing around. Then we started having sex while Jaimie was in the room. Then my dad called to say Happy Thanksgiving and we were having sex while I was talking to him. It was so hard to keep my moaning in. But I did. Then we had sex in my bathroom. On my toilet. It was so good. I just about cummed. It felt so good. Then Darin took him home. I took a 2 ½ hour nap because he tired me out so bad. I love him and care about him so much. He is my whole life. He turns me on just when I look at him. He makes me so horny. We used 5 Condoms last night. I want to be with him forever. Well. Now I am at Wendy's house. I am staying the night here. We are going to the movies tomorrow night with her boyfriend and I am going to call Danny and ask him if he wants to go with us. I can't stand not being able to talk to him. I haven't even called him tonight. I love hearing his voice before I go to bed. Because then it makes me think about him and makes me have good dreams. But I am gonna call him tomorrow at the bakery. Oh my grandpa and Linda got married. He didn't even tell any of the family. But whatever makes him happy. Well, I am tired and I have to get up early to go to work. Goodnight my prince. Sweet dreams.

I went to work with Wendy today. Then we went back to her house and took a shower to get ready to go to the mall. Danny met me there. I love him so much. We got our pictures taken with Santa. They aren't very good. But It is the thought that counts. I have wanted a picture of him for so long. Now I have one. Then Wendy and her preppy friends and I went to the Beverly Hillbilies. It wasn't very good. Then we went to McDonalds. Danny was in a bad mood today. He wasn't very talkative. I thought that he was mad at me but I guess he wasn't.

**Entry #6:**  
November 27, 1993

I woke up at about 2:00 P.M Because Danny called me. I am staying at my grandma's for a couple of days with my cousin Wendy. I haven't kicked it with her

for a long time. We went to Barters for lunch. I ate a lot. Then we walked to BP and I puked on the sidewalk. It was pretty nasty. Wendy just about puked. Danny invited Wendy and I to go to Jason's house. But my grandma though that Jason had a bad attitude. So she didn't let us go. So she took us to eat at Gloria's. I ate a lot again but I haven't puked yet. So that's good. Last night Wendy's boyfriend said that he thinks that I am pregnant because I puke a lot. But I wouldn't be puking right now because when me and Danny were having sex the condom fell off inside of me. And that wasn't too long ago so I wouldn't be puking yet. But anyways he is just stupid so I gotta stop thinking about that. I love Danny so much. I would never do anything to hurt him. He means to much to me. I never want to lose him. Im just afraid of getting hurt again. I hope that he doesn't hurt me. I don't need that again. I know that he is afraid of getting hurt again too. I wish that he could just trust me on this one. I want to be with him so bad. I will never break up with him or whatever. He will have to do that. I think that we were meant to be together. I cry at night because I am afraid to lose him. I have never had feelings like this before and I am afraid. He is so special. I would do Anything. I would die for him. But I think that it is kind of funny because we are both afraid of losing each other but we haven't talked about it to each other. And we talk to each other about everything else but that. So I really do think that we need to sit down and talk to each other about it. So I am going to tell him that we need to sit down and talk. So hopefully I will be able to see him in person tomorrow. I am not going to church tomorrow so I won't be able to see him there. So hopefully he can come over tomorrow or something. Because I really do miss him. I love him and I always will.

I am finally home. I miss sleeping in my own bed. I missed having my mom around. I guess that she had a lot of fun at her class. I haven't seen Danny in 2 days. I miss him so much. I talked to him on the phone like I always do. But I just want to see him in person. Hopefully he comes over tomorrow. I miss seeing his sexy body. Anyways Dell was being a total asshole today. Someone broke into his car and he tried to blame it on my friends. I hate him so much. But he is my grandma's boyfriend. So, we all have to learn to live with him. Wendy broke up with tyler today. She wants Danny and me to go to the mall on Friday to meet her and George there. She likes Danny a lot. She thinks that we are meant for each other. Every body thinks that. Even my mom. She is in love with him. Darin even likes him. So that makes me happy. I wished that danny knew that I would never do anything to hurt him. I want to be with him for ever, and I mean that. I wished that he would just give me a chance and ask me out so I could show him that I would never hurt him.

I didn't do much today. Just sat at home. I am in a bad mood. I don't know why, but I am. I thought about Danny a lot today. I was sitting in the chair today and tears just came rolling out of my eyes. I don't even know why. Danny went to the mall today. He got 2 girls phone numbers and he had to tell me. If he was trying to get me jealous, it worked. I am very jealous. He told me that he wouldn't call them. So I am going to trust him on that one. I hope to god that he doesn't call them.

Danny came over today for a little bit. Then we went over to his house and kicked it. We were both so horny. But we couldn't do anything about it. His mom rented mortal kombat so we played that for a little bit then my mom came to get me. So we went shopping then got something to eat. I talked to Danny on the phone for 4 ½ hours. We talked from 11-3:45 AM. We talked about everything there is to talk about. I had to get off the phone b-cuz my mom came in and told me to. She wasn't really mad. But then I got off and went to sleep.

I went to Danny's house today. I kicked it there all day. Walter, Cory, and Gabe came over there. They played Mortal Kombat. Danny and I went upstairs. He said that I tortured him. Because I was sucking all over him then Gabe and Walter kept on interrupting us. I was getting so mad. But we were so horny. So we just had to have sex. We had sex in his bathroom. Then after that Cory, Danny, Gabe and I sniffed Vicaden. I got so fucking high. I wrote Danny a letter So hopefully he writes back to me. I love him so much.

Danny came over today. I just woke up when he came over. I was still in my T-shirt and underwear. He brought his super Nintendo over, so we played that for a little bit. Then we watched T.V. when Darin woke up. We came in my room and tried to have sex but I was very dry and he couldn't stay hard. So we just messed around a little bit. Then we took a shower together. He said that he would just come in and talk to me. But instead he came in and took a shower with me. That made me really happy. I was kind of surprised. I hope he liked it as much as I did. He just makes me so happy. He looked so cute in the shower. Then when we got done with our shower I dried him off and he dried me off. I like it when a guy does that. Then after that we had sex on the floor in the bathroom. He wants me to cum but for some reason I

can't. I get so close to doing it, but I can't. It makes him mad b-cuz he tries so hard. He said that he wants to make me happy by doing that, but he makes me happy even if I can't do that. Then my mom came home and Danny and I came into my room and tried to go to sleep but I couldn't help myself. I just had to touch him and start to play with him. I can't resist when he is just laying there. I can't keep my hands off of him. I just love his body so much. He thinks that he is fat but I love him just the way that he is. He is so cute. I never want to lose him. He means so much to me. I wouldn't even care if we stopped having sex. I just love him and want to be with him for who he is. Not what he can give me. He is so sweet and caring and I can really trust him. I am not afraid to tell him anything. And I hope that he feels the same way, because I will always be here for him. Whenever he needs to talk or anything like that.

I started my community service today. It was pretty easy. Then my grandma took me out to lunch. Then after I was done she took me out to dinner at Gloria's. We went to the mall afterwards. She bought me a new pair of shoes. They are pretty cool I guess. They are Liz Claiborne. Then I came home and took a shower. Then I went over to some guy named Chris and there was hella people over there. So I called Danny and he came over. So we just kicked it till about 1:15 A.M. But we were up in his bathroom and I sucked Danny's dick. He played with me a little bit. Then of course he had to stick it in me with no condom on. So he only put it in and took it out about 5 times. That got me so fucking horny. But, of course, we couldn't do anything about it. Then we walked back to my house and my mom let us in. Then I came into my room and changed into my sweats. Now Danny is giving me a back massage but he wants to massage the front now. So I'll check ya later.

I didnt do much today. I never went to sleep last night because Danny kept me awake. We were up all night and we finally went to sleep around 12:35 p.m today. We slept till about 5:30 p.m. Then he called his mom and she came and picked him up. I was so fucking tired. Then Ali and I took a bath after Danny left. He called me right when I walked out of the bathroom. We talked for about 5 minutes and I haven't talked to him since. I have been thinking about him all night. I hope he never leaves me. I love him so much.

I went to church today. I saw Danny there. We sat out in his moms van and listened to music. Then he came out to Jeremy's house for dinner with us. Then after we ate

dinner we went and got a Christmas tree. Then we went back to Jeremys house for a little bit. Then we came home and ate again. Danny and I were just laying in on my bed. Then we went to the store with Darin I was in a bad mood. I don't know why but I was. I felt so bad b-cuz I guess that I made Danny feel reall bad. I love him so much. I didnt really do much today. I went to Amber's house but that is about it. I talked to Danny a couple of times today. I got a coat just like Danny's coat. Amber stole it from some girl and I stole it from her. It is exactly like his, but a little smaller size. I was cleaning up my room tonight and I was really thinking about Danny. Then I just started crying. I don't know why and I couldn't stop. I never saw Danny today. It has been 5 days since we have had sex.

She cut her hair really short and she looks like a guy. I called Danny from there but he was busy. But he called me when I go t home and we talked for a little bit. I didn't do much today. I went with Tara to Pick up Ali. Then we went to her house. It is really small. Then we came back to my house and just kicked it. Then Sarah, Jarrod, and I went to see Beverly HillBillies and for Love or money. Sarah was looking through my stuff and she saw that I was late for my period. I didn't do much. I went to church and Danny or his mom wasn't there. But I guess Danny was at Carnell's house. Then I took a shower b-cuz I was cold. Then danny got mad at me for no reason. Then Kim wanted me to stay the night at her house but I couldn't find a ride. Then my dad called me. He really wants me to move back up there. I don't know if I want to because I don't want to leave Danny. He is the only reason that I don't want to move up there. I could never do that to him.

I didn't do much at all today. I got up and took a shower. Then all I was thinking about was moving back up to Alaska. I cried so much today. I wish that I could just go up there and visit first and see if I like it. Then if I do I will move up there. I want to talk to Danny about us. How things are headed, and if we are just going to be friends I will move up there but if we are doing something else I will think about it a little harder. Because if we are just going to be friends I will move up there. Then if we are still good friends I will move up there and if he really does love me we can

see other people and when I come and visit we can be together. I probably wouldn't see other people, but he could. I mean, I can't stop him from doing that. I just wish that my dad would move down here. It would be alot easier for me. Then Danny and I could still be together. I love him so much and I don't ever want to lose him. This is really hard for me because he means so much to me.

### **Entry # 23**

December 14, 1993

Danny came over today. We messed around a little bit then he wanted to have sex. But I wasn't sure because I am on my period; but we did it anyways. Then the condom broke. I was so mad. I was really getting into it then it broke. But things like that do happen. Then Danny and I started talking about me moving back to Alaska and we both started to cry. Then when I saw him cry it made me cry even more. I hate seeing guys cry. He must really care. Then he started to make me cheer up. He can always do that. I think that I do want to go up there and see how I like it. Then come back down here and stay in June. Because it is Jeremy's graduation. But if Danny really does love me he will let me go untill I get back. I'm sure that he will see other people while I am gone But I would want him to do that. B-cuz I'm sure that he won't be able to wait till I get back. But the only thing that I wouldn't want him to do is fuck another girl. I wouldn't be able to do that to him. I love him to much. If he loves me as much as he says that he does he wouldn't do that to me. And if he loves me he would understand that I need to go up there and see if that is what I want, and he will still be here for me when I get back. B-cuz a chance to move away and start your troubled life all over and see if that is what you want doesn't come along very often. So next time that I talk to Danny in person I am going to tell him that this is what I want to try out. And I hope that he understands. Because if it was the other way around I would want him to do that. To see what he really wants. And if it is true when he says that he would do anything to make me happy then he would let me go for that short period of time. I would be back. So it won't be like he would never see me again. He would see me in a couple of months. I will miss him very much. I hope that he won't use this againts me for anything.

I need to go to Sears and get Danny some Christmas presents. I love him so much. It is hard to have to leave him for 4 1/2 months. Then he rode his bike home and Tiffani couldn't find a ride home so Danny rode his bike back up to the mall and walked home with us b-cuz he didn't want me to walk home by myself. He is so sweet. It was Me, Danny, Gabe, Corey, Carnell, and Vita. We went over to some guys house. I got high and drunk. Thne Danny and I went in the bathroom and I sucked his dick then we left and I walked home from B.P by my house. I love Danny so much. This is sloppy b-cuz I'm fucked up.

Tiffani and I went to the mall again today. I got a new pair of jeans. They are Levis. Then we saw some of Tiffani's punk little friends there I was about to beat this one girl's ass b-cuz she had a bad attitude and I told her that. Then she was kissing my ass. Then we saw Jason Pixley and some of his friends so I drove Tom's car again and we followed them to get some beer. I have some in my second drawer on my night stand. I don't want to go to Alaska now but I have to b-cuz I already made up my mind. I am so sad. I don't want to leave Danny. Personally I don't want him to see other people b-cuz it will make me jealous. But I can't stop him. I promise I won't see other people. I love him to much to do that. B-cuz I know it will hurt him. I went to Church this morning. Then afterwards we went to my grandma's house. I was supposed to tell everyone that I was leaving but Sarah told every one and I got so mad at her. I started to cry. I have been very emotional lately. Then Jeremy and Nicki came over and they bleached Jeremy's hair. Then later me and my mom got into a huge fight. I wanted to knock her out. she made me so mad. Then I called Danny and he is bombed. I love him so much. My mom doesn't believe that I really

called my dad and I did. But she can be a bitch if she really wants to. And she is. Everyone has been in a bad mood lately.

I got up and called Tom. He came and picked me and Tiffani up and we went to the mall like usual. I jacked a pair of black silver tab jeans. And of course I drove Tom's car. Tiffani and I went to Michelle's house and Oscar came and picked us up.

(Name?) gave me 12 dollars and she thinks that she is going to get her coat back but she isn't. Then we went up to Lenny's so I could see Danny and I saw him I guess that he wasn't really happy to see me B-cuz he didn't seem like it. Some guy was trying to hit on me but I told him to get away from me b-cuz I have Danny. I was thinking about him all night long. Now htat I am moving to Alaska it seems like Danny is losing interest in me. Like he is starting to lose his love for me. I don't know what is going on. I want to talk to him about it b-cuz he is acting like he already found someone to replace me. But I dont know.

Tiffani and I went to the mall with Tom then Oscar. I drove both of their cars of course. I saw Danny at the mall and he didn't even look like he even wanted to talk to me. I am really scared b-cuz I don't think that Danny wants to be with me anymore. I am worried. He has been acting very strange toward lately. I have no idea what is going on. I want to talk to him very bad. He never comes over anymore. I really do think that he has someone else. Tiffani and I met 2 guys from Oak Harbor tonight. There names are Duwan and Y.B. We all exchanged numbers. Homies came over tonight. Jeremy, Darin and Homie all got fucked up.

*\*\*Special note about this entry: It gets very messy towards the bottom, and it's pencil. I have gone over it as much as I can, and I'm pretty sure that that last part indeed says that "Homies came over tonight", and "Homie all got fucked up". It may be homie, it may not. I have asked MeMotch, and we both agree that this is hilarious. Onward.*

(On Side) I love you baby Merry Christmas

Today was a long day. I got up and opened my presents. Then went to Grandma's house and ate. Then we opened Christmas presents after everybody was there. We sat around and talked for a little bit. Then Mark, Darin, Chris and I went outside. Then Mark lit up a joint. Only Mark and I smoked it. It was the Bomb ass weed. I was so fucking high. Then I went inside and ate more b-cuz I had the munchies. Then we came home, and I called Danny But he had to go b-cuz Lenny was there. I miss my baby so much, I hardly ever see him any more. But I still love him.

Then I went to Todd's house. And I was talking to Junior. He said that he saw Danny messing around with Alisha. I didnt believe him but then Danny came to Todds house with Alisha and everyone else. He didn't even talk to me. I was so upset. I don't know what is up with him. Im not going to call him or anything. I ripped up the letters that he wrote to me and everything. I was crying so hard. I love him so much. If he is going to cheat on me I just want to forget about him. I feel like killing myself. I am thinking seriously about it so I can be out of his life totally. Then he won't have to worry about cheating on me. He can be with any girl that he wants to be with without hurting me. He already has hurt me and I dont want to be hurt again by him or any other guy so I really do want to end my life. I hate myself. I don't know what I do to make him do this to me. I have been totally faithful to him and to all of my other boyfriends but they still cheat on me. I love him so much. But I probably wont ever see him again B-cuz I want to kill myself. I just hope that he remembers that I will always love him.

Danny has stayed the last 2 nights with me. It made me really happy. I love spending time with him because he is my baby. I could never get sick of him. He means so much to me. But anyways He came to court with me today. It went good, my next court date is March 22. Then after court we went to counseling. My counselor wants Danny to come to counseling with me one time so she can talk to him. She is really cool. Then after counseling we came home and Danny and I had the best sex. He just went crazy on me. But I cant complain because I loved it. He has been cumming inside me a lot lately. Ever since he did the first time over at Brian's house. But I like it. Then we took a shower together. Then his mom came and picked him up. I told him to call me when he got off of work, But he never did. His parents probably won't let him talk to me anymore. Because his parents don't like me. But if that is the only way that he can stay in their house he is going to not call me. But I guess that I can hanle it. It will be hard but I have to live with it. I am really afraid that he is going to break up with me. I hope he wont but we just won't have a very close relationship like I want us to have. I want us to be open with each other and spend lots of time together. And I want us both to be happy. My mom, Darin, and I went shopping for my school stuff then went out to eat at McDonalds. **Helpful information pertaining to new updates:**

**It seems that Laura has taken her final revenge. She has accidentally (OR purposely) not written two of the page numbers in the diary (pages 68 and 69). She then continues as if these pages didn't exist. This bit is included to stop people from saying "HEY YOU MADE A MISTAKE" when they notice that the page numbers I listed (as I am continuing with the correct page numbers) do not match the numbers listed on the diary. You'll be able to tell which is which, so don't worry. Just be aware. Here is an example of what you will see from now on: The picture will say: Page 68 and 69. I will say page 70 and 71. This may be confusing for some, but that's just how it is. It's the best way I have to keep all my own files in order. Hence, whenever you find yourself in trouble, refer to this simple formula. And with that, let us trudge on...**

*There comes an hour in which we fall upon our own crumpled footsteps, our shins a bloody mess and our hair putrid with the smell of wasted opportunities.. We've walked untold distances without grass under our feet. It is in this hour that we draw cold steel and lay it upon the retina; the balance between blindness and battle.*

*Ok everyone.. we've come to a critical juncture, and I feel it is my duty to inform you all of certain details in light of much contemplation on the matter.*

*Here's the deal. Despite what no doubt God himself wants, the diary is about to end. It seems that Laura didn't realize that she would become a star player in so many days of our recent lives. Nevertheless, we've had a great run of it, and I hope the hilarity of such things as the spectacular sound files (thanks to all who have made them) and image macros (again, excellent work) will not cease in light of such information. Now. For the good news.*

*There is indeed a bulk of diary left. It is larger than the previous posts, and it is juicy. I have planned it this way, as you have no doubt guessed, and I will be posting it soon (probably tonight). I just wanted everyone to be prepared for this, as upon consideration I realized that an unplanned and abrupt ending could warrant a bad taste in the mouths of many. With that.. I hope you enjoy what's to come, what's been, and what hasn't been made yet. To all of you, thank you. I never could have thought you would have made this so much fun. My appreciation for your patience is endless. Until soon,*

*When the doors closed behind me one year ago I knew there was no turning back. All handshakes and bright smiles, this was going to be quite an experience. My face grew tight and dry as I clasped familiar skin, and echoed of the defeats and heroics faced in the conceivable epic of a teenage pilot episode. I threw my head back and laughed. An unfamiliar adventure where nothing was the way I wanted it to be, yet everything was irresistible. I sampled blood from an open wound, swallowed sharp rocks labeled sweet nothings, and found my solace.*

So I hung up with him then mom, Erin, and I went out to the res and bought tons of fireworks. Then we went to Sarah and Jarrods house and visited them for a little bit. Then we all went to uncle Doug's for a barbeque then we went to the shop to watch the fireworks and mom went to the store and bought Erin and I 40's and herself some wine coolers and

some beer. We were straight kicken it. But I wish that my baby boy was there. Then we watched the fireworks and then we came home. Jeremy, Amy and Allen came over and we played poker. Jeremy and I won most of the money. Then we went to bed. Then Daniel called at 3 A.M and started calling me a ho and shit and he broke up with me. Why does he always have to do this to me? He thinks I know what he is talking about and I don't. I still love him though. I will always love him. No matter what happens. I know that he doesn't care about me because he told me. But that doesn't stop me from loving him. Like I said, I will always love him. He means so much to me I will always care about him. Forever. He will always have the special place in my heart. Always! I have been thinking a lot today. About how fucked up my family is and how much I love Danny. I could never express to him how much I love him. It is much more than words. I don't love him for the sex that we have together, or how he treats me, or what he tells me. I love him for who he is not what he is. I wish that he could just understand how much I love and care for him. He could never realize how much I love him. I love him more and more everyday. I just hope that he never fucks me over. **Entry #64**

October 23, 1994

Today I didn't do much. I helped Danny hook up my moms stereo system. It sounds a little bit better. I found out that I am pregnant again. I don't know what to do. I want a baby but Danny doesn't really want one. That is what I think. But I really do want to have it this time. Even if Danny gets mad at me or whatever. I do want it. But yes we are still together. And I think we always will be. I could never live without him.

Danny just left a little bit ago to go to work. He stayed the night last night. He slapped me b-cuz He kicked me in the head so I punched him in the leg. Then he got up grabbed my hair and slapped me. It didn't hurt but it hurt my feelings. He hurts my feelings all of the time. He calls me a ho, a bitch, a trick, and all that. It hurts me bad. Because he told me that he was going to forget about the past but he always brings it up. But today we are starting all over. With a new clean slate. I have an appointment at D.S.H.S. today at 9:45 A.M. I really want to keep this baby but I don't want Danny to get mad at me.

Love Laura

**To all who have shared in Laura's adventures:**

**This is all the book holds. What is left is for our imaginations only, and NEVER to find out for ourselves. I'm sorry I can't give you more, and the mystery may very well haunt you. However, it will have to do. Thank you all for bearing with me. I would sincerely like to express my gratitude for your patience.**

*And now, if I can answer any questions, be my guest. You have as much information as I now.*

November 22, 1993

This is my first entry. Danny got this for me today. He said because my other one was a piece of shit. When it is this is really nice. He got a photocopy of Sheri's. He is going to be a dishwasher. I need to get a job because I need money to buy people Christmas presents. Especially Danny. I want to get him something nice. Like a CD or cassette or something special. I like him so much. I want him to ask me out so bad. I am going to ask my mom to take me to Michael and ask him if I can get a job answering phones or something like that.

something like that. I just need to make some money. I hate being broke and having to ask my mom for money. Because I know that she doesn't really have it. She has it but our whole family needs it. I ask her for 5 dollars here and there but for some reason I feel guilty. I don't want to ask her. But I do. She is already in bed so I will wait until she is up tomorrow while she is at work so she doesn't forget to ask. Well, all I am doing is thinking about Danny. He is always on my mind.

It is 11:45 pm and I am waiting anxiously for Danny to call me at 10:00. I just got home from school. I was so tired. I came over today. He made me so fucking mad. I almost even thought about it. So of course we had sex. I had been horny for a while. So he finally came. I was so happy. At times we were having an all-out passion. He was holding me in his arms. I was so happy. That was my first time. I was so happy.

hurt me I don't  
 need that again. I  
 know that he is afraid  
 of getting hurt again  
 too. I wish that he  
 could just trust me  
 on this one. I want  
 to be with him so  
 bad. I will never  
 break up with him or  
 whatever. He will  
 have to do that. I  
 think that we were  
 meant to be together.  
 I cry at night because  
 I am afraid to lose  
 him. I have never  
 had feelings like this  
 before and I am  
 afraid he is so special.  
 I would do anything  
 for him. Anything I  
 would do for him.  
 But I think that it is  
 kind of funny because

we are both afraid of  
 losing each other. But  
 we haven't talked about  
 it to each other. And we  
 talk to each other about  
 everything else but that.  
 So I really do think  
 that we need to sit down  
 and talk to each other  
 about it. So I am  
 going to talk to him that  
 we need to sit down  
 and talk. So hopefully  
 I will be able to see  
 him in person tomorrow.  
 I am not going to  
 church tomorrow so  
 I won't be able to  
 see him there. So  
 hopefully he can come  
 over tomorrow or  
 something. Because I  
 really do miss him.  
 I love him and I  
 always will. 60

November 27, 2003  
 I woke up at about  
 2:00pm because Danny  
 called me. I am staying  
 at my grandmas for a  
 couple of days with  
 my cousin Wendy. I  
 haven't talked with her  
 for a long time. We went  
 to Barber's for lunch.  
 I ate alot. Then we  
 walked to BP and I  
 puked on the sidewalk.  
 It was pretty nasty.  
 Wendy just about  
 puked. Danny invited  
 Wendy and I to go  
 to Josh's house. But  
 my grandma thought  
 that I should  
 had a headache so she  
 didn't let us go. So  
 she took us to eat  
 at Giorgio's. I ate  
 a lot again but

I haven't puked yet  
 so that's good. Last  
 night Wendy's boyfriend  
 said that he thinks  
 that I am pregnant  
 because I puke alot.  
 But I wouldn't be  
 puking right now because  
 whenever I and Danny  
 were having sex the  
 condom fell off inside of  
 me and that wasn't  
 to long ago so I wouldn't  
 be puking yet. But  
 anyways that's just  
 stupid. So I gotta stop  
 thinking about that.  
 I love Danny so much.  
 I would never do  
 anything to hurt him.  
 It means too much to me.  
 I never want to lose  
 him. I'm just afraid of  
 getting hurt again. I  
 hope that he doesn't

November 28, 1993  
 I am finally home. I miss sleeping in my own bed. I missed having my mom around. I guess that she had a lot of fun at her class. I haven't seen Danny in 2 days. I miss him so much. I talked to him on the phone like I always do. But I just want to see him in person. Hopfully he comes over tomorrow. I miss seeing his sexy body. Anyways, Dad was being a total asshole today. Someone broke into his car and he tried to blame it on my friends. I hate him so much. But he is my grandma's boyfriend so we all have to bear

to live with him. Wendy broke up with Tyler today. She wants Danny and me to go to the mall on Friday to meet her and George there. She likes Danny a lot. She thinks that we are meant for each other. Everybody thinks that even my mom. She is in love with him. Danny even likes him. So that makes me happy. I wished that Danny knew that I would never do anything to hurt him. I want to be with him for ever, and I mean that. I wished that he would just give me a chance and ask me out so I could show him that I would never hurt him. ☺

November 29, 1993  
 I didn't do much today. Just sat at home. I am in a bad mood. I don't know why but I am. I thought about Danny a lot today. I was sitting in the chair today and tears just came rolling out of my eyes. I don't even know why. Danny went to the mall today. He got 2 girls phone numbers and he had to tell me. If he was trying to get me jealous. If he did that, I am very jealous. He told me that he wouldn't call them. So I am going to trust him on that one. I hope to God that he doesn't call them. ☺

November 30, 1993  
 Danny came over today for a little bit. Then we went over to his house and kicked it. We were both so horny. But we couldn't do anything about it. This room rental Mortal Kombat so we played that for a little bit then my mom came to get me. So we went shopping then got something to eat. I talked to Danny on the phone for 4 1/2 hours. We talked from 11:30 am. We talked about everything there is to talk about. I had to get off the phone because my mom came in and told me to she was really mad. But then I got off and went to sleep. ☺

December 1, 1993

I went to Danny's house today. I picked it there all day. Walter, Cory, and Garbe came over there. They played Mortal Kombat. Danny and I went upstairs. He said that I tortured him. Because I was sucking all over him then Garbe and Walter kept on interrupting us. I was getting so mad. But we were so horny so we just had to have sex. We had sex in his bathroom. Then after that Cory, Danny, Garbe, and I started Voodoo. I got so fucking high. I wrote Danny a letter so hopefully he writes back to me. I love him so much.  me

December 2, 1993

Danny came over today. I just woke up when he came over. I was still in my T-shirt and underwear. He brought his Super Nintendo over, so we played that for a little bit. Then we watched T.V. when Devin woke up. We came in my room and tried to have sex but I was very dry and he couldn't stay in. So we just messed around a little bit. Then we took a shower together. He said that he would just come in and talk to me. But instead he came in and took a shower with me. That made me really happy. I was kind of surprised. I hope he liked it as much as I did. He just makes me so happy. He looked so cute in the shower. 

Then when we got done with our shower I carried him off and he cried me off. I like it when a guy does that. Then after that we had sex on the floor in the bathroom. He wants me to cum but for some reason I can't. I get so close to doing it but I can't. It makes him mad b-cup he tries so hard. He said that he wants to make me happy by doing that, but he makes me happy even if I can't do that. Then my mom came home and Danny and I came into my room and tried to go to sleep but we couldn't help myself. I just had to touch him and

start to play with him. I can't resist when he is just lying there. I can't keep my hands off of him. I just love his body so much. He thinks that he is fat but I love him just the way that he is. He is so cute. I never want to lose him. He means so much to me. I couldn't even care if we stopped having sex. I just love him and want to be with him for who he is. Not what he can give me. He is so sweet and caring and I can really trust him. I am not afraid to tell him anything. And I hope that he feels the same way, because I will always be here for him. Whenever he needs to talk or anything like that.  Aurora

I started my community service today. It was pretty easy. Then my grandma took me out to lunch. Then after I was done she took me out to dinner at Gloria's. We went to the mall afterwards. She bought me a new pair of shoes. They are pretty cool I guess. They are Liz Cliborne. Then I came home and took a shower. Then I went over to some guy named Chris and there was a lotta people over there. So I went at Danny and he came over. So we just hooked up till about 1:00 AM. But we were up in his bathroom and I sucked Danny's

25

dick. He played with me a little bit. Then of course he had to stick it in me with no condom on. So he only put it in and took it out about 5 times. That got me so fucking horny. But of course, we didn't do anything about it. Then we walked back to my house and my mom let us in. Then I came into my room and changed into my sweats. Now Danny is giving me a lotion massage but he wants to massage the front now so I'll check ya later.

I didn't do much today. I never went to sleep last night because Danny kept me awake. We were up all night and we finally went to sleep around 12:35 AM today. We slept till about 7:30 AM. Then he called his mom and she came and poked him up. I was so fucking tired. Then Ah ah I took a bath after Danny left. He called me right when I walked out of the bathroom. We talked for about 5 minutes and I haven't talked to him since. I have been thinking about him all night. I hope he never leaves me. I love him so much.

I went to church today. I saw Danny there. We sat out in his mom's van and listened to music. Then he came out to Jeremy's house for dinner with his. Then after we ate dinner we went and got a Christmas tree. Then we went back to Jeremy's house for a little bit. Then we came home and ate again. Danny and I were just laying in on my bed. Then we went to the store with Darn. I was in a bad mood. I don't know why but I was. I felt so bad. I guess that made Danny feel really bad. I love him so much. I promised to make his bed.

 I didn't really do much today. I went to Amber's house but that is about it. I talked to Danny a couple of times today. I got a coat just like Danny's coat. Amber stole it from some girl and I stole it from her. It is exactly like his but a little smaller size. I was cleaning up my room tonight and I was really thinking about Danny. Then I just started crying. I don't know why and I couldn't stop. I never saw Danny today. It has been 5 days since we have had sex.

 I didn't do anything today. My mom went to the doctor. She has something wrong with her chest. I am really worried about her. Danny and I went to the store tonight. We watched the ball game and I was really into it. I haven't had sex for 5 days. I miss it. But I don't have to have it. I am late on my period. I was supposed to start on the 4th but I haven't started yet. I have never been late in my life. I am kinda worried but I will wait and see.

 I finished my community school today. It was a really slow day. At about 5:00 PM I went to Kim Lemons house. I haven't seen her forever. I missed her. She has her hair really short and she looks like a girl. I talked to Danny from there but he was busy. He called me when I got home and we talked for a little bit. I am still waiting for him to get me back. I still haven't had my period. I am worried. ♡ me.

December 9, 1993  
 I went and worked out with Danny and his mom this morning. Then he came over afterwards. I did not feel good at all. But he made me feel better. We took a shower together. Then afterwards, we had sex. It was so good. I kind of missed it. Then we cuddled on the couch together. He makes me feel so special. I am so afraid of losing him. I love him so much. I want to be with him forever. I will never think of leaving him. I still haven't started my period yet.

I didn't do much today. I went with Tara to work up. Then we went to her house. It is really small. When we got back to my house and just looked at it. Then Sarah kind of and I went to see Beverly. They were and for love or money Sarah was coming through my stuff and she saw that I was taking my period she told me that I better not have a baby before here. Sarah would be mad if I have been thinking about Danny so I don't want to say I don't know much and I don't know that, I am still into

I went and got a 400 dollar cd car stereo with Sarah and Jarrod then I went and ~~stayed~~ baby-sat at Doug's house. Danny came over and we just kicked it for a couple of hours. I love him so much. I never want to lose him. Walter and Sarina broke up. Kim Cogswell likes Corey then Walter, Gabal, and Corey came and picked Danny up. Walter lost my ring at Danny's house then I had it but I gave it back to him. Then I went back to Doug's house still 12:00 am then Kristof took me home and I went to sleep.

I didn't do much. I went to church and Danny or his mom wasn't there. But I guess Danny was at Carmel's house. Then I took a shower but it was cold. Then Danny got mad at me for no reason. Then him wanted me to stay the night at her house but I couldn't find a ride. Then my dad called me. He really wants me to move back up there. I don't know if I want to because I don't want to leave Danny. He is the only reason that I don't want to move up there. I could never do that to him.

I didn't do much at all today. I got up and took a shower. Then all I was thinking about was moving back up to Alaska. I cryed so much today. I wish that I could just go up there and visit first and see if I like it. Then if I do, I will move up there. I want to talk to Danny about us. How things are headed, and if we are just going to be friends. I will move up there but if we are doing something else I will think about it a little harder. Because if we are just going to be friends I will move up there. Then if we are still

Good friends I will  
 & move up there and  
 if he really does  
 love me we can see  
 other people and  
 when I come and  
 visit we can be  
 together. I probably  
 won't see other  
 people but he could  
 I mean, I can't  
 stop him from doing  
 that. I just wish  
 that my dad would  
 move down here it  
 would be a lot  
 easier for me. Then  
 Danny and I could  
 still be together. I love  
 him so much and I  
 don't ever want to  
 lose him. This is  
 really hard for me  
 because he means  
 so much to me.

December 14, 1993  
 I Danny came over  
 today. We messed  
 around a little but  
 then he wanted to  
 have sex. But I wasn't  
 sure because I am  
 on my period, but  
 we did it anyway.  
 Then the condom broke  
 I was so mad. I was  
 really getting into it  
 then it broke but things  
 like that do happen.  
 Then Danny and I  
 started talking about me  
 moving back to Alaska  
 and Lux both started to  
 cry. Then when I saw  
 him cry it made me  
 cry even more. I hate  
 seeing guys cry. He  
 must really care. Then  
 he started to make me  
 cheer up. He can always

do that. I think  
 & that I do want to  
 go up there and see  
 how I like it. Then  
 come back down here  
 and stay in June  
 because it is Jeremy's  
 graduation. But if Danny  
 really does love me  
 he will let me go  
 until I get back.  
 I'm sure that he  
 will see other people  
 while I am gone.  
 But I would want  
 him to do that. Boy  
 I'm sure that he won't  
 be able to wait till I  
 get back. But the  
 only thing that I  
 wouldn't want him  
 to do is fuck  
 another girl. I  
 wouldn't be able  
 to do that to him.

I love him so much  
 If he loves me as  
 much as he says  
 that he does he  
 wouldn't do that  
 to me. And if he  
 loves me he would  
 understand that I  
 need to go up there  
 and see if that is what  
 I want, and he will  
 still be here for me  
 when I get back.  
 Boy a chance to  
 move away and start  
 your troubled life  
 all over and see if  
 that is what you  
 want doesn't come  
 along very often. So  
 next time that I  
 talk to Danny in  
 person I am  
 going to tell him  
 that this is what

40

I want to  
 @ try out And  
 I hope that he  
 understands. Because  
 if it was the other  
 way around I  
 would want him  
 to do that. To see  
 what he really wants  
 And if it is true when  
 he says that he would  
 do anything to make  
 me happy then he  
 would let me go for  
 that short period  
 of time. I would  
 be back so it won't  
 be like he would  
 never see me again.  
 He would see me in a  
 couple of months. I  
 will miss him very  
 much. I hope that he  
 won't use this against  
 me for anything.

 Danny met us up  
 there. I got 3 new

 and 2 Pac, Danny got  
 Cops & Blood CD and  
 a Snoopy dog tape. And I  
 got 4 new shirts. I  
 need to go to Sears and  
 get Danny some Christmas  
 presents. I love him  
 so much. It is hard to

 months. Then he rode his  
 bike home and Tiffany  
 caught and a ride home  
 so Danny rode his bike  
 back up to the mall and  
 walked home with his bag.  
 He didn't want me to walk

 Then we went and got

 I don't want to leave Danny. Really  
 I don't want him to see other people. I  
 if will make me jealous. But soon stop. I  
 him, I amise I won't see other people. I  
 love him so much so do that. Bitch I know  
 will hurt him. I am in love with you. I

 and kicked it with  
 Danny and John. I  
 smoked John out. He  
 was being retarded.  
 Danny stayed the  
 night. We talked. And  
 today we talked some  
 more. Then I went  
 and made him some  
 food and he came into  
 the kitchen and asked  
 me out again. Had of  
 course I said yes  
 because I love him so  
 much. I went crazy  
 without him. I couldn't  
 handle myself. I  
 missed him so much.  
 I still don't feel like we  
 are together. But we  
 are and I am  
 very happy. I missed  
 you.

him so much. We  
kicked it for part of  
the day today. Now  
I wish I could let him come  
down here anymore.  
Well anyways.  
Tom got J. Aime and  
I high as fuck. Man  
I just came home  
and thought about  
Danny so I made  
a tape for him  
and wrote him  
a letter to go  
with the tape.  
God... I miss him  
so much. I wish  
that he was here  
right now holding me  
in his strong sexy  
arms. I am so glad  
that we are back  
together. I love  
him so much. Please  
don't ever leave me again.

Today I helped  
Aunt Lissa out at  
her house. I got  
some money for it.  
I bought mom and  
Ali McDonalds food  
for dinner. Then  
I went out with  
Danny, John + Tawn.  
We smoked some  
bud then I bought  
drugs for everyone.  
Then I bought Danny  
McDonalds food. Then  
we went back to the  
same place and I  
sucked Danny's dick  
(much) then on our  
drive home Danny  
played with my pussy  
(hard) He made me so  
fucking horny that we kissed  
and they left. I'm so glad  
that we are back together.  
I love you baby. ♡ Jaura

Last night Danny  
and Erabe stayed  
the night. I was  
so comfortable because  
I was with my  
baby boy. I'm  
having him here with  
me all of the time.  
My mom and I had  
a talk today, she  
said if I slip up one  
more time even  
if I am late for  
one minute I  
am out of the  
house. Dad + I  
are going to get an  
apartment. My mom  
is such a bitch. I  
hate her. I don't  
understand what is  
wrong with her.  
God she is such a  
bitch.

Today I got up  
around 15:00. Erin  
and I went to  
McDonalds then to  
her apartment to  
get some of her  
shit. Then we  
came back and I  
emptied her car  
out. We rolled some  
change. Then Cory  
+ Lonnie, Erabe  
and Belle came  
over for a minute.  
Then they left to  
get some food and  
they never came  
back yet. Danny  
and John came over  
for a minute then  
they left. We  
might go to the carnival  
tomorrow.

⊗ We got ready and went to pickup babe. Then we went to see my P.O. And I was really high. She could tell. Then we went to Jacob's + picked up Corey. Then we went and got Danny and we went to the mall to watch the Crow. I was ok. Then we came back to my house and kicked it for a little bit and got high in my room. Then we took everybody home. My birthday is soon. In 2 days I want to spend the day with Danny.

I haven't done much today. I am really over this morning. Then he went to go and pickup Corey. Then when they got back Danny and I took a shower. Then we were going to take Corey home and he was driving. He ran a red light and some girl crashed into his car. His car is a total fucker up the whole passenger side is rashed in. And I am really over. I don't know what sup his ass but I hope he gets it out soon. Corey is making me sick. Or not talking to me again.

⊗ Today I got out of jail at 1:30 then I came home and took a shower and I called Danny and he said that he had to talk to me in person so I hung up with him then mom, Erin and I went out to the re's and bought tons of fireworks. Then we went to Sarah + Jarrod's house and visited them for a little bit. Then we all went to Uncle Doug's for a barbecue then we went to the shop to watch the fireworks + mom

went to the store and bought Erin + I 40s and herself some wine coolers and some beer. We were straight. Fuckers it. But I wish that my baby boy was there. Then we watched the fireworks and then we came home. Jeremy, Amy + Allen came over and we played poker. Jeremy + I won most of the money. Then we went to bed. Then Daniel called at 3am and started calling me a he + shit and he broke up with me. Why does he always have to do this to me? He thinks I know what he is talking about + I don't. I still love him though. I will always love him. No matter what.

happens. I know  
 that he doesn't care  
 about me because he told  
 me. But that doesn't  
 stop me from loving  
 him. Like I said I will  
 always love him. He  
 means so much to me  
 I will always care  
 about him. Forever. He  
 will always have the  
 special place in my  
 heart. ALWAYS. And  
 he should know that. I  
 hope he knows that I  
 will always be here  
 for him. If he needs to  
 talk or ~~if he needs~~  
 just for someone to be there  
 for him. I will always be  
 there. Even if he doesn't  
 believe it. But I hope that  
 he does know that I love you  
 David + I always will. I'll  
 never forget you. Please  
 don't ever forget me.

 Not much has  
 been going on.  
 I'm still staying  
 at David's house.  
 My mom was  
 being a bitch.  
 Frank is staying  
 here too. I have  
 just been ~~just~~  
 sitting around here  
 cleaning the house.

July 21, 1994  
 I didn't do much.  
 I just fucked up  
 at school with  
 David. We took a  
 shower and then  
 we took him to  
 work. When David  
 + I got back home I  
 cleaned the house  
 did some laundry  
 then made a tape.  
 I have been thinking  
 alot today about  
 how fucked up  
 my family is and  
 how much I love  
 Danny. I could never  
 express to him how  
 much I love him.  
 It is much more  
 than words. I don't  
 love him for the  
 sex that we

have together or  
 how he treats me  
 or what he tells  
 me. I love him  
 for who he is not  
 what he is. I  
 wish that he  
 could just under-  
 stand how  
 much I love and  
 care for him. He  
 could never realize  
 how much I love  
 him. I love him  
 more + more everyday.  
 I just hope that  
 he never fucks  
 me over. I would  
 never fuck him  
 over. I have been  
 fucked over to many  
 times and I know  
 how much it hurts.  
 I could never do that to  
 him. I just hope he does  
 know that I do love him  
 and I always will. Love

Today was a long boring day. School is going OK I guess. I don't really like it but I have to go. I kicked Tiffany's ass yesterday because she pulled the cops on me and said that I had a gun down my pants and I wanted to shoot her. Of course Danny and I are still together. I love him so much. He is my one and only baby boy. He means so much to me. I want to marry him. I want to have his children. I want to be with him forever. I would never do anything to hurt him. I love you baby. ♡ Laura

 Today I don't do much. I helped Danny hook up my phone stereo system. It sounds a little bit better. I found out that I am pregnant again. I don't know what to do. I want a baby but Danny doesn't really want one. That is what I think. But I really do want to have it this time. Even if Danny gets mad at me or whatever, I do want it. But yes we will still fall in love. And I think we really will be. I would never live without him.

I love you Danny

November 2, 1994 7:29am  
 Danny just left a little bit early to go to work. He said the night last night he slapped me because he kicked me in the head so I punched him in the leg. Then he got up grabbed my hair and slapped me. It didn't hurt but it hurt my feelings. He hurts my feelings all of the time. He calls me a ho, a bitch, a trick and all that. It hurts me bad because he told me that he was going to forget about the past but he always brings it up. But today we are starting all over with a new clean slate. I have an appointment at D.S.H.S. today at 9:45am. I really want to keep this baby but I don't want Danny to get mad at me.
